

## MAKES RHEUMATISM PROMPTLY DISAPPEAR

Chronic, Crippled-up Sufferers Find Relief After Few Doses of New Remedy are Taken

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can surely avoid it.

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood, the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped-up, inactive kidneys, so they can filter all the poisons from the blood and drive it on and out of the system.

Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney troubles, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all your misery and suffering will end.

An original package of Croxone costs but a trifle at any first-class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst backache or overcome urinary disorders.

The Triplet Tribune says that our boys let out an unfair yell when they played ball there a week or two ago. The score was about even when the game broke up in a row. The umpire gave in to Triplet. The Tribune says, "the manager should be careful and match only such teams that will play without fussing and fighting about the umpire's decisions".

Rev. J. D. Selvidge of Span, Ky. wrote to postmaster Applegate enquiring about the disposition of the remains of his brother Charlie who was killed by the explosion of traction engine boiler. He expressed confidence that the good people of this community would take care of the matter properly and expressed the hope that his brother was duly prepared for death.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
